**Re:** Arizona Statewide – Executive Summary

**Date:** January 13, 2020

## **Survey Summary:**

The results of our recently completed survey show that support for term limits has held firm over the past three years among voters in Arizona, who still overwhelmingly believe in implementing term limits on members of Congress. Support for term limits is broad and strong across all political, geographic and demographic groups. An overwhelming 85% of voters approve of a Constitutional Amendment that will place term limits on members of Congress. The leading reasons among those who approve of term limits for Congress are: *politicians in too long* 19%, *support term limits* 15%, *get corrupt/bad* 12%, and *not supposed to be a career* 12%. Four-in-five voters (85%) would want their state representative and state senator to vote in favor of an amendment proposing convention to implement term limits on members of Congress.

## **Conclusions:**

Term limits remain a critical issue among voters in Arizona, who overwhelmingly support calling an amendment proposing convention to place term limits on members of Congress. The intensity of this support is measured in their drive to vote for state legislators who will vote "yes" on term limits, and against those who will vote "no" against term limits for members of Congress.
