

CA45 TERM LIMITS POLL: EXECUTIVE SUMMARY

US Term Limits Survey of 300 Likely Primary Voters in CA45 Conducted by RMG Research, November 14-19, 2023

Survey Summary: The results of this recently completed California's 45th Congressional District survey show that CA45 voters overwhelmingly support term limits for members of Congress. Support for term limits is broad across all political and demographic groups. An overwhelming 89% of the voters approve of an amendment to the U.S. Constitution that will place term limits on U.S. Senators and U.S. House Representatives. Of the respondents who support term limits, 66% want 6-years total or less as the limit. They also indicated that they are more likely to support congressional lawmakers who help advance congressional term limits.

Do you favor or oppose term limits for members of Congress?

Methodology

The survey of 300 Likely Primary CA45 Voters was conducted online for USTL on November 14-19, 2023. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by gender, age, and race. Likely voters were determined by a screening process within the survey.

The margin of sampling error for the full sample is +/- 5.7 percentage points.
